

6 reasons to add Heartland's **online ordering solution** to your restaurant

1

Skip clunky integrations

Rely on an **all-in-one, synced system** for your in-person and online business with an online ordering platform that's just an extension of your POS.

2

Set up fast

Be online in less than 15 minutes — simply remove any items from your existing POS menu you don't want to sell online, and you're done.

3

Boost revenue

Offer late-night carryout or delivery, take advantage of upsell features and more with **mobile-optimized, ADA-compliant** online ordering.

4

Create customer loyalty

Make it easy for clients to get what they want by providing **full customization options**, paired with a **user-friendly design**.

5

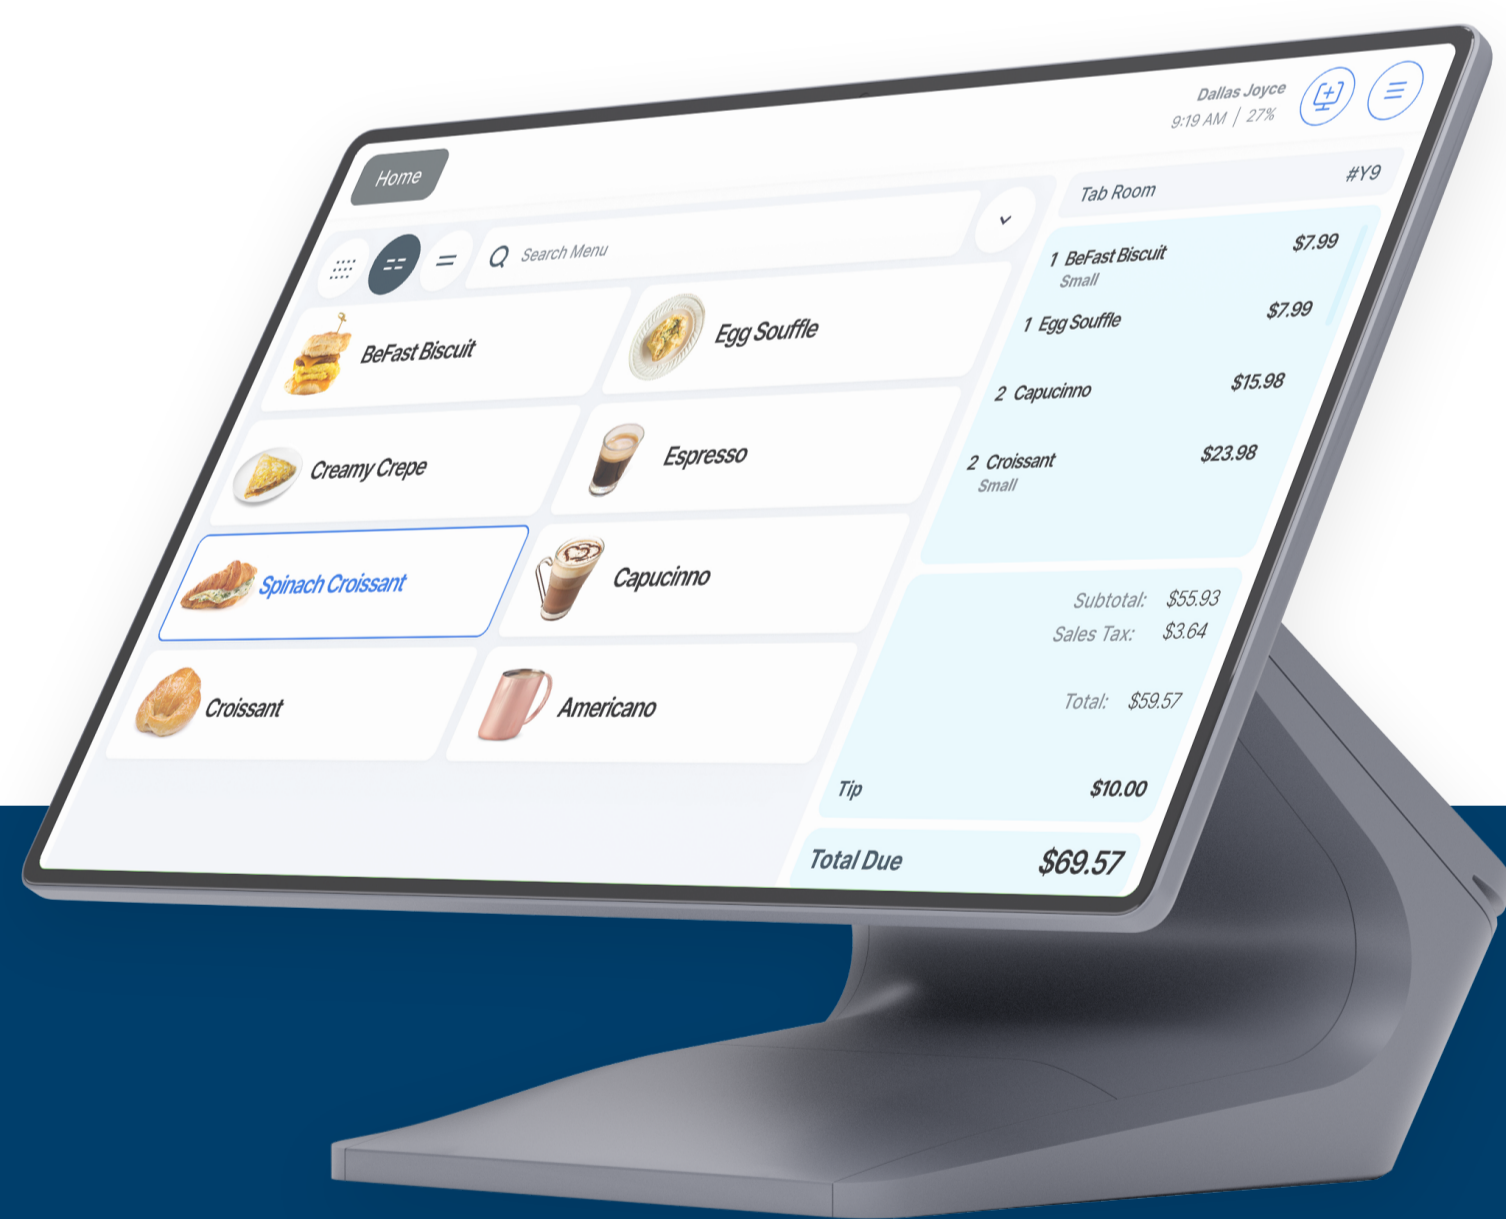

Streamline operations

Simplify and **improve workflows** via online orders that seamlessly transfer to your point of sale and kitchen displays.

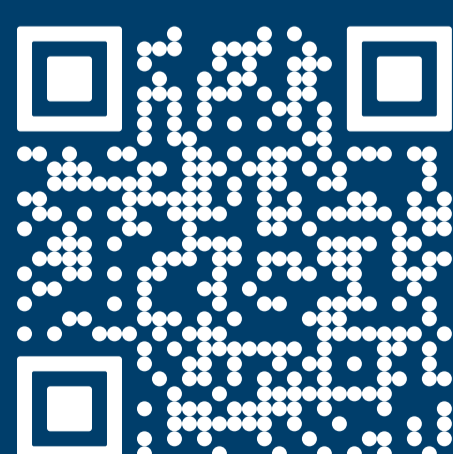

6

Sell merchandise online

Let customers buy merchandise and gift cards on your site with a **built-in gift program** where they can check balances and add funds.

Best of all? **It won't cost you extra.** Online ordering is included in Heartland Restaurant Point of Sale.
